Visi

To become a global leader in the export of high-quality, sustainable cocopeat and coco fiber, meeting the demands of the European and Northern Asian markets while contributing to Indonesia's economic growth.

Misi

1. **Deliver High-Quality Products**
   To produce and export premium cocopeat and coco fiber that meet international standards, focusing on sustainability and innovation.
2. **Commit to Sustainability**
   To implement eco-friendly practices and sustainable production practices, preserving ecosystems, and supporting local farmers in resource management.
3. **Enhance Global Competitiveness**
   To build a strong distribution network in the European and Northern Asian markets, continuously expanding market reach through strategic partnerships and improved service quality.
